More than just a dance studio

Where can one go to find a dance studio that is so successful, its students not only earn gold and silver medals but actually get scholarships to prestigious dance groups? Fortunately, you won't have to travel very far – Fabulous Feet Dance Studio is located right in downtown Brentwood.

Kim Karbowski and Denise Williams have been operating Fabulous Feet for 20 years, passing along their remarkable talent to thousands of their students who have not only become talented dancers in their own right, but better citizens. The owners believe in teaching focus, discipline, respect and character right along with fabulous dance steps. That's one of the reasons this studio is so successful and perhaps the main reason students love their instructors and continue to improve year after year.

Fabulous Feet teaches a wide variety of dance genres. A student can learn tap, jazz, ballet, modern, ballroom, and cheerleading steps from pros who have many years of experience in various kinds of stage, production, acting, choreography and studio instruction. The studio teaches girls, boys, and adults making the dance experience a positive and happy one for all ages. And before we forget it, you can also learn song-leading at Fabulous Feet.

There are classes for beginners and intermediate pupils as well as those more advanced. Once students have achieved some level of competence, they may be

eligible to become part of the DK Dance Team. This special group includes over 50 children ranging in ages from 5 to 18 years. They represent Fabulous Feet Dance Studio at regional and national dance competitions throughout California and Nevada. To illustrate just how good this team has become, consider the fact that in a recent Hollywood competition, members earned 7 gold medals, 8 silver medals, and 3 special awards or scholarships. That's an impressive accomplishment of which the studio and its students can be justifiably proud.

It's all part of loving what they do. A short interview with the owners or one of their staff members will convince anyone of their genuine enjoyment in the pursuit of their vocation. They know that their studio doesn't just teach dance, it teaches self-confidence, self-discipline, agility, coordination, good values, hard work and the drive to be the best you can be, all accomplished with full parental cooperation for younger students.

The studio has a motto that brilliantly expresses what it does. "Believe and Achieve!" That pretty much says it all – you can do the remarkable if you only believe in yourself. Fabulous Feet is located at 3901 Walnut Blvd., Suite B and holds classes Monday through Saturday from 3:00-10:00 pm. Its phone number is 634-4399, fax is 516-0572, and you can review its extensive informative website at www.fabulousfeetdance.com or communicate via email using fabulousfeetdance@yahoo.com.
